Career History

Freelance – Bogotá, Colombia

June 2012 to present // Webdesigner & Print

After 7 years working for agencies, I have decided to carry on alone. You can find my work and services on my website: www.claireguilloton.com.

Chatsworth Communications – London, UK

February 2011 to June 2012 // Main Designer

I have undertaken the design side of this PR company. I created anything design related; websites, logos, interactive newsletters, brochures, ecommerces for our diversified clients like **ICAP** and **Super Derivatives**.

The Virtual Publishing House – London, UK

November 2006 to January 2011 // Web Designer

I have worked for a wide variety of brands including **Bacardi**, **Laphroaig**, **Canadian Club**, **Whyte and Mackay**, **Berghaus** and **Speedo**. From filming whiskey connoisseurs in Scotland and Canada to translating complicated web content into French - I have been able to turn my hand to a wide variety of tasks.

Key achievements: Building the current Canadian Club website as well as filming and producing the online videos, managing the front-end design and development of Bacardi Connections and Whyte and Mackay Marketing Live Damson. (Intranet), creating programmes for Laphroaig TV, designing the Laphroaig site including all its microsites.

Mc-creation – London, UK

May 2006 - November 2006 // Print, Web Designer

mc-creation is a french webagency based in London. I have worked there as the print designer of the company. I did missions like brochures, stationery, and posters.

Centre Culturel de Courbevoie – Paris, France

March 2006 // Print Designer

As a trainee, I have followed a French Designer for a month working in a cultural center and helping her making the brochures and the posters for the year.

Qualifications

IESA (Institut d'Etudes Supérieures des Arts)

Paris, France // 2004 to 2005

Masters in Art and Multimedia

Université Rennes II – Art

Rennes, France // 2001 to 2004

Master 1 Art Plastiques (Degree in Art)

Key Skills

Software: Photoshop, Illustrator, Flash, Fireworks, Dreamweaver, Visual Studio, Premiere, After Effects, Final Cut Pro, Encore DVD, Indesign, Wordpress

Programming Languages: HTML, XHTML, CSS, Flash Action Script 3, working knowledge of JQUERY, JAVASCRIPT, PHP

Languages: My first language is French. In addition, I am fluent (both orally and written) in English and Spanish.

Management skills: I have run many Webdesign projects like Pachamama Forest and Clear Path Analysis, involving two developers each time.

Video: I am able to film independently using professional video camera such as the Canon XH A1s.

Projects

India 2004: I was sponsored to run an art project in a school in Kolkatta. The goal was to encourage volunteers to undertake an artistic activity every day about the Banyan, a holly tree growing in warm countries. We worked as part as an art project directed by Alfred Banze, a German artist.

France 2001 to 2006: I worked every half term with children in a local leisure centre making creative multimedia projects with them. As part of this work, I helped the children to discover Photoshop, Flash and Premiere.
